Accessing Data Central

1. Click the **9-dot icon** to open the Platform Menu.
2. Expand the **Data Review** section.
3. Click on **Data Central Studies**.
The Data Central Landing page will display the studies you have access to within Data Central.
4. Click on the study name you want to open.

Panel Toolbars / Icons

Icons may vary depending on the panel, dashboard, listing, or visualization.

- Hover over an icon and the action / label displays.
- Select a record and then click on an icon to perform the action.
- Right-click on a record to access a drop-down with icon actions.

Left Navigation

Subjects, Queries, Issues, RBQM (if applicable), eIQ Review (if applicable), Visualizations, and Data listings are opened from the left navigation.

- Click the Subjects, Queries, or Issues panel from the left navigation to open it.
- Click on the down arrows to expand RBQM, eIQ Review, Visualizations, or Data.
- Hover over a panel name or data listing and click on the Open Listing and Details icon to view the listing and details side by side on a sheet.
- Click on a dashboard name under RBQM, a visualization name under Visualizations, or listing name under Data to open it.
- Click on Visualizations or Data, then click the Search icon and enter text into the Search field to find items that include the entered text.
- Use the panel scrollbars to see all names listed.

Master Header

- **9-dot icon:** Click to open the Platform Menu.
